## Customer Reviews

The book has a lot of very helpful information on the pins and pin trading in general. I was disappointed that the book is in black and white. Some pins are alike and unless you have a color picture it is hard to tell them apart.

Great book, great tips, the only reason that I did not give it five stars was that the series were confused and pictures for one were in the lists for others. I recommend this book for anybody that is looking for great way to start pin trading and wants to learn the basics.

The hard copy book was as expected but the kindle version was difficult to read , photos didn't match captions and impossible to navigate.
