Imperfect Home

Synopsis

In this, their latest book, Mark and Sally Bailey of destination homeware store Baileys Home & Garden turn their attention to homes that are less perfect, more personal, and which possess their very own brand of idiosyncratic, lived-in charm. Imperfect Home embraces the picturesque beauty of peeling paint, vintage fabrics, time-worn colours, handcrafted items, and obscure treasures. But it is also a place where old meets new, and where modern pieces are mixed in to bring vitality, color, and contrast to the interior.

The book was okay but I'm more of a Sibella Court and Hans Blomquist (love his books) type person. The book felt cold and rigid and not for me at all. It doesn't flow and the colors are off. I just didn't like it that much at all. Too much patchy wood and I never felt any warmth at all. I'm sure many people will like it but it was a bad fit for me.

I like the Baileys' books. This book is very interesting, but I did find the interiors a bit too imperfect and kinda creepy. However, I have a friend who lives in a house just like the ones represented here. I'm giving it to her. She'll love it.

Although I read the entire book, I am more of a person who enjoys looking at entire rooms and

seeing how flea market, estate sale, yard sale items are put together as a whole. I found the photographs a little too dark for my taste and sometimes a little too shabby.

A beautiful and fun book to read and enjoy the photos again and again. I asked for this book as a gift.
