This book, for a Paleo family, is truly a must-have. Most recipes conform to or can easily be altered to fit a Paleo lifestyle. Other recipes are suitable for children in a Paleo home whose parents don't want to be so strict with their children's diet, which is prudent and understandable. Sometimes even I feel like having a cheat and this cookbook offers some of the most awesome alternatives to a cheat! I'm not missing a thing! This cookbook is NOT a "Paleo" cookbook so reviews ranting and complaining of such are in error. I don't feel as though it is misrepresenting in its contents. Whole 30 just added white potatoes as allowable which has me shaking my head, but being a non-Paleo-specific cookbook, potatoes are allowed in it just as well as anywhere else. This cookbook is gluten-free and adheres to the strict principles of that. This makes many recipes very-well suited for strict Paleo folks. I have followed Brittany for nearly two years, when I began Paleo. She offers recipes of comfort foods that are so important in making those on restricted diets feel totally unrestricted! The photos are FABULOUS! This, being her first book ever, is beyond what I expected. I rely on her to make all the expensive mistakes in HER kitchen so I don't waste ingredients in MY kitchen. I recommend this cookbook without any hesitation. It's NOT all Paleo, but so many of the recipes are fully Paleo or can be simply altered to become Paleo. Like any cookbook I have ever owned, I will never create every single recipe anyway. I love looking through it over and over, drooling over the photos and admiring the dedication and love that went into creating it. This cookbook will help thousands, if not millions, of people live with health conditions that require special dietary needs.
