Customer Reviews

Unfortunately, I received a manual for a Case tractor twice. I was told that there was a problem at with product labeling. Each time I ordered the Ford Manual, a Case Manual showed up. They said that once the problem was corrected they would let me know.. So far no word, may order manual through a tractor dealership. did not bill me and gave me the Case Manual for free. It is the first time that I've had a problem getting what I wanted from . Virtual world problems, are harder for me to deal with..

Love it. Got just what I wanted from it. Better detail in the printed copy than the online version. I found what I was looking for fairly easy and it answered questions I had.

Good.

Okay, but thought it would have come with a binder or bound for that price. Just loose leaf papers. Otherwise would have rated 5 star.
