Thorough and easy to follow. The English love of well planned gardens is demonstrated in detail, the photos could go on and on, the names of the plants -- flowers, trees, shrubs, included for the serious garden planner. A luscious and informed look.

A very lovely book. I enjoy all her books and this one is no exception. makes them so reasonable to own.

having been to rosemary vereys own house this is a very interesting book to see others she planned also in England
